QUESTIONS RESPONSES

Addendum No. 2, March 7, 2022

R. ZOPPO CORP., email dated February 28, 2022, 2:51 PM

Question 11) Please provide the fabricator's approved shop drawings on the existing BR-2 bridge rails and the pedestrian railings fabricated in 1992.

Response 11) **Revised Response from Addendum No. 1, March 4, 2022**

The BR-2 railing shop drawings haven't been located at this time. However, MassDOT records indicate that they may be stored at a MassDOT storage facility. An effort will be made to retrieve and scan the BR-2 shop drawings, but there is no guarantee that the BR-2 shop drawings will be located and they will not be available prior to the scheduled bid opening date of March 8, 2022.
