

AGENCY SOLICITATION SPECIFICATIONS RFQ – REQUEST FOR QUOTE PUBLIC WORKS

HEADER

TITLE: RFQ24004238 DEM Roger Wheeler State Beach New Boardwalk And Bulkhead

SECTION A. BACKGROUND

Roger Wheeler State Beach is named in recognition of Captain Roger W. Wheeler (1907-1969), the creator of the Rhode Island Life-Saving System. It is a popular beach for young children and families due to the gentle surf, playground, and modern beach pavilion with a kid-friendly environmental education area. A new boardwalk is to be constructed on both sides of the pavilion to replace an existing deteriorated steel bulkhead.

SECTION B: SCOPE OF WORK AND REQUIREMENTS

The existing, approximately 1,7310 ft. long steel sheet pile bulkhead at Roger Wheeler State Beach is in a state of disrepair, developing holes, and rotting at grade in the parking lot. The scope of this project includes designing and installing a new bulkhead retaining wall to protect public safety, improve access, protect the public recreation asset, restore habitat, and create scenic coastal views. Overview: Contractor to provide all labor, materials, and equipment to construct the new concrete boardwalk, in accordance with the contract drawings and specifications listed in the Project Manual. Note, this work will also include the relocation of a municipal waterline in the beach parking lot as part of the boardwalk construction work.

1. Contractor shall perform the Work of the Contract under a stipulated sum Contract with the Owner in accordance with the Conditions of Contract.
2. Vendor is responsible for obtaining and paying for any required Local and State licenses, Permits and inspections.
3. Contractor to include all Bond costs in their Bid.
4. Before starting work, all Contractor workers and Subs are required to obtain and submit a current (within 2 months) BCI of State residing in along with RI BCI and State-approved picture ID.
5. All onsite workers are to be OSHA 10 certified. Copies of this certification along with driver licenses are required on the first day of work.
6. The Contractor is responsible for providing their workers with all personal protection equipment. At a minimum, this includes hard hats, reflective vests, eye protection, harnesses and ear protection.
7. All completed work must be inspected and approved by RIDEM and the Design Agent.

8. There will be mandatory weekly progress meetings onsite with four week look-ahead schedules to be furnished to RIDEM and Design Agent.
9. Contractor and/or its subcontractors are to be licensed as required by RI Department of Labor.
10. All contractors and subcontractors to sign in each employee at the Vendor site office at the start of each shift.
11. The Successful Bidder is to submit the names and resumes of the onsite supervisors for review and acceptance to work on the project by the RIDEM team. RIDEM reserves the right to reject any proposed onsite supervisors.
12. RIDEM is not responsible for security of materials, tools, etc.
13. Contractor must come to terms with all vendors and subcontractors prior to submitting their bid.
14. All noisy demolition shall be performed between 7:30am and 3:30pm.
