Subject: Re: MassDOT 605311 -Marion-Wareham DRAFT NOAA Abbreviated EFH Consultation Request for Determination of Non-substantial Effects

Hi Sara,

Thanks so much for the prompt response! I understand that the cofferdams will take up one quarter to one third of the stream width, and we do not have any issues with that. Do you need me to write up a new CR for your records, or will this correspondence suffice? Otherwise, nothing else is needed on our end for EFH needs, but we would appreciate receiving a copy of the final permit/letter of authorization once it's issued.

Thanks again, and please let me know if you have any additional questions.

Best wishes,

Good evening, Sabrina,

MassDOT is providing the required response on the identified CRs for MassDOT 605311, to replace the Route 6 bridges over the Wewantic River in Marion and Wareham, Massachusetts. Please find the attached comment letter and please advise if you would like to discuss further.

Regards,

Sara

Good afternoon,

I hope this message finds you all well, and that you're having a good week. Please find attached our EFH conservation recommendations for Mass DOT project 605311 to replace the Marion and Wareham bridges over the Wewantic River in Massachusetts.

Please let me know if you have any questions on our conservation recommendations, and we look forward to Mass DOT's response within the next 30 days.

Thank you for coordinating with us,

Sabrina Pereira

Hi Sara,

Thanks for reaching out. I was able to download the EFH assessment, and I will let you know if I have any questions or additional info needs within the next 2 weeks. Otherwise, I will send any conservation recommendations in the next 30 days.

Thanks again,

Sabrina Pereira

Dear Sabrina,

BSC Group is delighted to provide NOAA GARFO with project documentation regarding the **MassDOT 605311 - the Rt 6 (Marion and Wareham Rds) Over the Weweantic River Bridge Replacement Project** for your review. MassDOT is requesting a determination of Non-substantial Effects in an Abbreviated EFH Consultation Request. Due to the size of the document, we are including a link for you to access:

_MassDOT_605311_MarionWareham_NOAAEFH_RequestforDetermination_AbbreviatedEFHC
onsult_Jan19_2024.pdf

<https://bscgroup.egnyte.com/dl/Xpek7UmkD6>

Password:phvFb7WCW2Dt

The project is receiving FHWA funding, so I have CC'd FHWA on this submittal, as well as the MassDOT PM and relevant Environmental Team, Parsons (Engineering Designers) and BSC Group (Ecological). Please advise if you have any issues accessing the document, and do not hesitate to reach out to myself or the team with any questions or comments that you may have.

Regards,

Sara
