GENERAL

RFI #28 - Type: General Drawing ref: N/A Section ref: 003100.01 Other ref: Schedule I Question: Public Building Construction projects focus on building structures. Even though it does not pertain to this project, are you looking for project experience related to constructing buildings or similar structures? Response: (Prime Designer) Replace "Public Building Construction projects" with "Public Construction projects". The intent of the Public Projects Record is to establish a firm's experience with public procurement and project execution – which can span a range of project types. The intent of the "Similar Projects" history is to establish a firm's experience and qualifications for constructing projects similar to this one. These are related but distinct matters.

All other of the portions of the Contract Documents remain <u>unchanged</u>. Please be reminded to acknowledge this Addendum on the bid forms.
