RFI RESPONSE:

Q1:

The Invitation to Bid states that bidders shall have CT DAS pre-qualification under the category of “Water Treatment Plants”. After examining the bid documents, it appears the project has a substantial amount of heavy civil work in the pile work and earthmoving; also a large amount of concrete work for pile caps and walls. We are requesting that contractors qualified under CT DAS classifications of Sitework and/or Concrete be considered for this project.

Response:

Sitework and Concrete categories will be acceptable in addition to Water Treatment Plants.

NOTE:

Addendum #2 will be issued in the near future addressing all other technical questions as submitted during the request for information (RFI) process.
